

DW30

Wheel Dumpers

**WACKER
NEUSON**
all it takes!

Compact, safe and a real all-rounder

The compact and sturdy wheel dumper DW30 increases not only productivity in materials handling but also, thanks to innumerable safety features, the safety of the operator and of the entire construction site. The 4 wheel drive as well as the constant tractive force combined with the articulated pendulum joint and gradeability of up to 50% make the DW30 a real off- and on-road pro. At the same time, its low service and maintenance costs are impressive. Thanks to the stage 5 engine, all exhaust emissions specifications are fulfilled even without a diesel particulate filter. A 36 kW engine is also available which gives the DW30 additional power.

- The safety cabin provides a strong plus for working in the rain, cold or heat
- Intuitive operation thanks to the joystick operating concept and clearly laid-out dashboard
- Articulated pendulum joint in combination with partial-lock differential for outstanding stability and off-road capability
- High swivel tip skip (optional) with modern tilt sensor
- More power: DW30 power version with an engine performance of 36 kW and auto-stop function

DW30 Technical specifications

	Front tip skip	Swivel tip skip	High swivel tip skip	Concrete skip
Operating data				
Payload kg	3,000	3,000	3,000	3,000
Shipping weight kg	1,987	2,142	2,804	2,574
Shipping weight cabin kg		2,674	3,004	2,759
Shipping weight power kg		2,474		
Operating weight kg	2,098	2,253	2,915	2,685
Operating weight cabin kg		2,785	3,115	2,870
Skip capacity struck l	1,420	1,280	1,280	1,280
Skip capacity heaped l	1,800	1,750	1,750	1,750
